
DECORATIVE WALL MOUNTED LANTERN TYPE “ 5NC LU.1 ” IP : 44

- **GENERAL DESCRIPTION:**

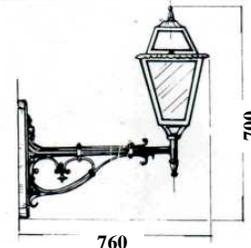

- Cast aluminum decorative lantern, painted electrostatically (black / white colour). Frame is equipped with cap, diffuser faces and base for lamp holder fixation.
- Decorative cast aluminum bracket “ painted electrostatically ”, suitable for wall installation.

- **DIFFUSER:** Heat resistance glass diffuser.

- Clear glass (CG).
- White diffused glass (DG).

- **LAMPS**

- Incandescent lamp up to 100 watt.
- Compact fluorescent lamp with adapter.

DECORATIVE WALL MOUNTED LANTERN TYPE “ 5NC LD.1 ” IP : 44

- **GENERAL DESCRIPTION**

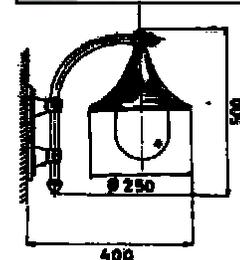

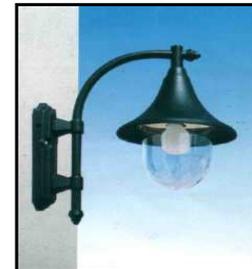

- Frame is consisting of die-cast aluminum conic cap, equipped to be fixed in wall mounted bracket.
- Decorative die-cast aluminum bracket painted electrostatically, suitable for wall installation.

- **DIFFUSER**

Clear acrylic unbreakable diffuser, totally enclosed to the cap by rubber seal.

- **LAMPS**

- Incandescent lamp up to 100 watt.
- Compact fluorescent lamp with adapter.

DECORATIVE WALL MOUNTED LANTERN TYPE “ 5NC LD.2 ” IP : 44

- **GENERAL DESCRIPTION**

- Frame is consisting of die-cast aluminum conic cap, equipped to be fixed in wall mounted bracket.
- Decorative die-cast aluminum bracket painted electrostatically, suitable for wall installation.

- **DIFFUSER**

Clear acrylic unbreakable diffuser, totally enclosed to the cap by rubber seal.

- **LAMPS**

- Incandescent lamp up to 100 watt.
- Compact fluorescent lamp with adapter.

DECORATIVE WALL MOUNTED LUMINAIRE TYPE “ 5NC LD.3 ” IP : 44

- **GENERAL DESCRIPTION**

- Frame is consisting of aluminum conic cap, equipped to be fixed in wall mounted bracket.
- Decorative bracket and painted electro-statically, suitable for wall installation.

- **DIFFUSER**

Clear acrylic unbreakable diffuser, totally enclosed to the cap by rubber seal.

- **LAMPS**

- Up to 250 watt high pressure sodium.

DECORATIVE WALL MOUNTED LANTERN TYPE “ 5NC LD.4 ” IP : 44

- **GENERAL DESCRIPTION**

- Frame is consisting of aluminum stepped cap, equipped to be fixed in wall mounted bracket.
- Decorative bracket and painted electro-statically, suitable for wall installation.

- **DIFFUSER**

Clear acrylic unbreakable diffuser, totally enclosed to the cap by rubber seal.

- **LAMPS**

- Up to 250 watt high pressure sodium.

DECORATIVE WALL MOUNTED LANTERN TYPE “ 5NC LHS ” IP : 44

- **GENERAL DESCRIPTION**

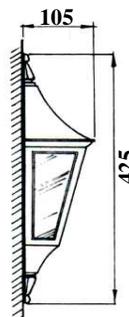

- Die-cast aluminum frame consists of half “small size” lantern, painted electrostatically (black / white colour). Frame is equipped with cap, 3 diffuser faces and base for lamp holder fixation.
- The lantern is fixed directly on wall.

- **DIFFUSER:** Heat resistance glass diffuser.

- Clear glass (CG).
- White diffused glass (DG).

- **LAMPS**

- Incandescent lamp up to 100 watt.
- Compact fluorescent lamp with adapter.

DECORATIVE LANTERN TYPE “ 5NC LP.10 ”

IP : 44

GENERAL DESCRIPTION

Cast aluminum decorative lantern. Frame is equipped with decorative cap, diffuser faces and decorative base for lamp holder fixation.

DIFFUSER: Heat resistance glass diffuser:

- Clear (CG)
- White diffused (DG).

LAMPS

- 70 watt high Pressure Sodium Lamp (70w SO).
- 125 watt Mercury Vapour Lamp (125w MV).
- 160,250 watt Mixed Light Lamp (160w ML/250w ML).

DECORATIVE LANTERN TYPE “ 5NC LP.11 ”

IP : 54
